## CONGRATULATIONS! YOU'RE ENGAGED!

What an exciting and stressful thing this wedding planning can be! I remember well the ordeal that was picking the right colours, limiting the guest list, mediating my mother, making sure I would feel beautiful on the day and trying not to explode from all the decision making!

Hoping that you find all the perfect people and things to make your wedding EXACTLY what you want it to be!

As your photographer, I seek to make your day reflect you! I try to be as unobtrusive as possible, and let your day unfold. Naturally, I am a relaxed and outgoing person, with a passion for details and beauty.

It's important to me to be a good match with my couples, so I would love to meet with you to hear all about your day, and think about how we would fit together.

I just adore weddings. Really. I cry almost every time, and leave feeling like I've spent the day with friends. Let me know if I can help you in anyway - I get so excited thinking about the chance to be part of your unique love story!

## PHOTOGRAPHIC INVESTMENT

I don't like paying for things I don't want! This is why our packages are simple.

Pay for the hours you require, add anything additional.

All coverage includes high resolution digital images.

### *coverage*

6 hours	\$1800
8 hours	\$2400
10 hours	\$3000

### *albums*

parent album	\$500
12x12 leather album	\$1500

A second photographer is also available at additional cost. If you book Bethany Tara Photography for your wedding photography, an engagement shoot is complimentary. A \$500 deposit is usually required to secure your date.

## WHERE TO NEXT?

If I can help you in anyway, if you have questions, would like to see some of my work, or find out if we would be a good fit, send me an email, and we will get this ball rolling!

Let me know the date and locations of your wedding, and we can make a time to meet.

I cannot explain what a priviledge it is to be part of someones wedding day as intimately as a photographer gets to be! Thank you for your contacting me, and hoping everything is stress-less from this point on!
